CCR BETA metafile for 2015 data changes published

The California Cancer Registry (CCR) has released the CCR BETA metafile for the 2015 data changes. It can be downloaded here (CCR15v01-BETA): [ccrcal.org metafile page](http://ccrcal.org/metafile.page).

It is highly recommended that vendors wishing to share development test files with the CCR run this metafile against the records before submitting them.

Please be advised that the actual Vendor Approval Process begins 03-30-2015.
