## CCR Edits Metafile Updated

A fresh copy of the CCR Edits Metafile has been released. A change log is included in the compressed file, which also contains the metafile in .emf and .rmf formats.

Please note that there may be more metafile updates per the following schedule, outside of the normal releases, due to new reporting sources being added for the SEER, NPCR/NAACCR submission deadline:

Wednesday 14th

Friday 16<sup>th</sup>
