Vendor Alert VA 2013-04

Highlights:

- NAACCR 13A CCR edits metafile released
- Vendor Approval process starting

The California Cancer Registry is pleased to announce its release of the 2013 data changes edits metafile, version name CCR13Av02. This file includes the final updates from the 13A NAACCR metafile, and additional CCR specific changes.

The CCR edits metafile can be downloaded from ccrcal.org:

http://ccrcal.org/Cancer_Reporting/Registrar_Resources/CCR_Metafile.shtml

Also, the CCR is now ready to receive test records for Vendor Approval - please see Volume II 2013, page 10 (Test Submission) for specifications on what to submit. We estimate our approval process to take up to 3 business days for each Vendor.

If you have any questions or concerns please contact us via our trouble ticketing system at:
