## Vendor Alert VA 2014-003

### CCR BETA metafile for 2014 data changes published

The CCR has released the CCR BETA metafile for the 2014 data changes. It can be downloaded here (CCR14v01-BETA): [ccrcal.org metafile page](http://ccrcal.org/metafile_page)

It is highly recommended that vendors, who wish to share development test files with the CCR, run this metafile against the records before submitting them.

Please be advised that the actual Vendor Approval Process begins 03.17.2014, at which point it will be announced again through an alert like this.
